Successful people are not gifted. They dream big, remain focused on their goals and work hard to conquer their dreams.

Receiving quality education is one of the key cornerstones of life and this is what we aspire to do at New Horizon Public School. We have proved time and again our prowess in the field of education.

We believe that it is our responsibility as educators to identify, nurture and develop the intrinsic talents of our students and provide them with the perfect platform to achieve their true potential.

We are very proud to announce that our students have once again displayed their academic excellence by securing outstanding ICSE results.

Our students displayed their grit, determination and their desire to excel by producing exceptional results.

We would like to congratulate each and every child for their marvellous performance.

As you venture into the next phase in your life, we believe that you will make a mark for yourself in the future and carry the legacy of New Horizon Public School forward.

GUEST LECTURE BY GROUP CAPTAIN ANGAD PRATAP

It was an honour to have Group Captain Angad Pratap, one of the four astronauts chosen for Gaganyaan, as a visiting Guest Lecturer to inspire our students with the journey from aspiring a career in Biology to his achievements in the Indian Air Force. It was a delightful interactive session between the students and the Group Captain.

TEACHERS VISIT TO ISKCON TEMPLE

New session 2024-25 commenced with the blessings of Lord Krishna with a rejuvenating Teachers' Conclave at the ISKCON Temple that enclosed an interactive value based session with Shri Vighraha Prabhu, Head of FOLK Department, ISKCON and Mr Alok Bhimesh, the Executive Director, NIVE. This was followed by the most awaited scrumptious wide-spread lunch for the staff of New Horizon Public School.

TEACHERS ORIENTATION

The first day of orientation is a significant milestone for the teachers and the institution welcoming them. It marks the beginning of a journey filled with academic pursuits, personal growth, and new relationships. On May 13th, New Horizon Public School meticulously planned to ensure a smooth transition of the teachers into the campus by setting a tone that anticipates the experiences lying ahead of them. The orientation featured a remarkable speech from the Principal Ms. Anupama Sethi. Her message focused on inspiring and motivating the new cohort, emphasizing the importance of positivity. The orientation also included various social integration activities like icebreakers and group exercises. The session concluded with a welcome lunch that provided a relaxed environment for the teachers to reflect on their day and enjoy some downtime before the start of their academic responsibilities.

A JOYFUL HOLI CELEBRATION

In the vibrant world of Pre-Primary, where innocence meets creativity, the celebration of Holi was not just about colours but also about promoting cultural understanding. Holi festivities at NHPs offered a unique opportunity for children to embrace diversity, learn about traditions and most importantly revel in the joy of togetherness. Amidst the academic rigour, New Horizon Public School embraced the cultural tapestry of India through the vibrant celebration of Holi. On the day of the celebration, the school premises came alive with a lot of excitement. The air was filled with laughter and chatter creating a joyous atmosphere. Besides playing with colours, the celebration also included traditional dances and the students from diverse backgrounds came together to partake in the celebration.

SPIRIT OF HORIZONITES WEEK 22nd March to 27th March 2024

In the last few days of the academic year, our tiny tots geared up for an exciting week filled with fun and creativity called the Pre-Primary Spirit of Horizonites Week. Children participated in creating a vibrant and inclusive atmosphere and enjoyed the spirit of togetherness and joy. Throughout the week children embarked on exciting themes and activities that ignited their creativity, built friendships, and made unforgettable memories. The first day kicked off the joyful celebration in NEON colours where children dressed in neon pink, green, orange and were engaged in colouring activities.

The Storybook Character Day encouraged children to be dressed in their favourite storybook character whether a brave superhero or magical princess. This was a wonderful opportunity for children to be immersed in the world of storytelling. Patterns came into life on Patterns Day where children adorned in vibrant patterns such as stripes, polka dots, zig zags and other playful designs.

The fourth day unleashed the Wackiest Hairstyle Day where children came in the most imaginative hairdo with crazy colours, wild shapes and fun accessories! The Spirit of Horizonites Week was more than just a series of events, it was the celebration of joy and togetherness, lighting up a rainbow of positivity throughout our school community.

CELEBRATING MILESTONES: THE PRE-PRIMARY GRADUATION DAY

At NHPs, Pre-Primary Graduation Day is a significant milestone in the lives of our young learners, marking the end of one chapter and the beginning of another. It was a day filled with excitement and anticipation as students, teachers, and parents gathered to commemorate the progress and accomplishments of our budding scholars. From mastering letters and numbers to developing social and emotional skills, each child's journey was celebrated with pride and admiration. As they prepare to take their next step towards primary education, the Pre-Primary Graduation Day served as a joyous celebration of their achievements, friendships, and readiness for the adventures that lie ahead.

SUMMER CAMP AT NHPS

The summer camp proved to be an extraordinary triumph, as children seized each moment to expand their horizons and acquire fresh talents. The school offered a splendid array of activities encompassing skating, dance, basketball, football, music, robotics, painting, abacus, keyboard and public speaking. In the midst of this colourful range of experiences, friendships bloomed, and essential life skills like teamwork, self-assurance, and social adeptness thrived. The coaches exerted their utmost efforts to engage the children, resulting in a culminating event that showcased their progress and achievements.

THE BIRTHDAY BASH

There was hardly a week left. Lily was sad when they showed her marks in the latest PTM. She barely scored seventy out of a hundred. The Teacher and her mother were both scratching their heads and looked stern and cloudy. Lily inspected her shoes as they animatedly discussed tuition and remedial classes. The truth was that adults hardly knew that unicorns flew in and snowflakes showered when she wrote her French paper. Yet, Lily knew it was pointless to point that out to elders. In fact, it was a mermaid who toggled the letters during her exam, although she forbade her to do so. Alas, neither CCTV nor the invigilator ever discovered her strange friend, and no one ever believed her.

The D-Day was fast approaching. Her tenth birthday was due in seven days, but these seventy marks soured the mood in her house. Sunrays were streaming in through her window when Bruno suddenly barked. A tinkling sound startled her. She opened the cat-flap to discover a pink envelope inside. As she gingerly opened the letter, it said:

"Dear Lily,

I am Julie, your bench-mate from LKG. Although we shifted to San Francisco last year, I am definitely coming to your birthday party on the 15th of July. Thanks for inviting me.

Hugs,
Your friend,
Julie Hopiza

Lily started twirling around the room like a prima ballerina on the stage. She eagerly waited for her father, Mr. Benson, to return from work. He smiled and nodded as she showed him the letter

On the night of the 14th, as the clock inched towards midnight, he announced that it would be a pool party the next morning. When a beautifully dressed Lily reached the pool sharp at 8:30, all her friends greeted and welcomed her. Her small bosom felt like bursting with happiness. They cut the birthday cake, exchanged gifts, rapidly changed into their swimsuits, and dived into the pool.

It was cool and blue, particularly at the centre, and they all swam towards it. Suddenly, there was a whirlpool in the water that sucked the children in. They screamed, but the silence was roaring. Julie and Lily held onto each other tightly as they landed in a thick, brown mixture. It flowed like a river, and Belle accidentally gulped a bit. To her utter surprise, it tasted like chocolate. Sophie was the next to try and insisted all her friends immediately ate a bit. It was pure Swiss molten chocolate with strawberry flavour, and they drank and swam through it. As the chocolate river jumped off a cliff, the children landed on an ice cream trampoline. They bounced and bounced and licked the chocozilla sundae that covered the trampoline. Lily suddenly saw a giant, red cherry at the northeast corner. The pals made a dash for it. However, as soon as they touched the cherry, it cracked open, and a unicorn emerged out of it. The sky burst into a candy cyclone with lightning of puddings and thunders of bursting balloons.

The cyclone flew them into a deserted cave. As the worried kids stumbled in darkness, brightly lit snowflakes fell from the top. Stalactites of cheese balls greeted them. Each cheese ball exploded into a basket filled with chips and colours. There were soapy straws too, and one could make infinite bubbles. The children went on playing with water guns and splashing each other with colors extracted from the rainbow hovering above them.

Dusk was gradually setting in. Julie got a little worried. Precisely at that moment, the unicorn and the mermaid reappeared. They had huge, new wings with rotating seats. The children queued up, and each one got a beautiful window seat

As the sky was turning crimson, they finally landed beside the poolside. Mr. and Mrs. Benson and all the parents hugged them tightly. As Lily lay down on her bed that night, the stars twinkled and Bruno snuggled in close.

On a moonlit night eight decades later, Lily, now a silver-haired grandmother, was encircled by her ten curious grandkids. As she slowly narrated her tenth birthday, the children gaped in wonder. Oh! How they wished they were born earlier, away from a world of gadgets, amidst a world of dreams.

Aditri Chakraborty,
Summer vacation, 2024, Class V D

THREE C'S TO SEIZE

A story in the Mahabharata illustrates the difference in mentality between a pure soul and a hostile soul. Sri Krishna, the Supreme Lord, met both, Yudhishtira and Duryodhana, an extremely envious king. Sri Krishna asked Yudhishtira to go out and return after finding someone less qualified than himself and he asked Duryodhana to search the whole kingdom for someone better than himself.

Duryodhana returned and told Lord Krishna that he couldn't find anyone better than himself. On the other hand, Yudhishtira returned, unable to find anyone inferior to himself.

This teaches us something about human psychology. The closer one is to humility, the farther he is, from seeing the faults in others. The more one feels superior to others, the easier it is to find faults in others.

We have the tendencies of criticizing, complaining and comparing, etched into our psyche.

To criticize and find faults in others is surprisingly very easy. This often makes us feel a kind of emotional gratification, by feeling better about ourselves. We become completely oblivious to any kind of self-evaluation. To reverse this tendency and find the rough edges in our own character may actually help us improve.

We often cover up our own inadequacies and shortcomings by complaining about the situations and people around us. Instead of taking full responsibility, we blame the world around us. Instead of complaining about the world around us, we can develop an attitude of gratitude – appreciating all the wonderful opportunities we have been awarded in this life.

Most of us have a deep rooted spirit of comparison – we want to be the best among those around us. Tempting as it is to compare ourselves with others, we should focus on comparing with our own unsteady mind and defeat our 'lower nature' and make progressive decisions in our life.

Seizing and overcoming these 3 C's – Criticism, Complaints and Comparisons will open the door to a better world.

YOUNG ACHIEVERS

Excellence is not an accomplishment. It is a spirit, a never ending process.

New Horizon Public School is proud to announce another accolade achieved by the students. Edunet Foundation, a social enterprise dedicated to closing the gap between academia and industry in India, conferred a Certificate of Recognition to the school for the enthusiastic participation of the students in the upskilling programs being offered by Edunet Foundation. We honor your commitment and thank you for your support.

Codeavour 5.0, an International Level Inter School Competition was conducted in our school premises on 31st of March 2024. Around 28 teams from various schools participated in this competition. We are extremely proud to announce that our students bagged 5 prizes out of 10 and the results of our students' achievements are as follows:

- Samridhi Kori secured the First prize
- Sindhoora and Chirag Anand secured the Second prize
- Hridhaan Jain and Arnav T secured the Third prize in the elementary level
- Aditya B, Advay Diwan and Adwita Roy secured the Third prize in the junior category and Avyukth secured the Promising Innovator Award

Congratulations to these young Tech enthusiasts and we wish them good luck in all their future endeavours!

At New Horizon Public School, we have always strived to provide the perfect platform for the students to carve a niche for themselves.

Agamya P S of Grade 3A participated in the World Water Day, a National Level Inter-School Elocution and Colouring Competition conducted by the Heritage Foundation and secured the 1st rank. Congratulations to Agamya and we wish her good luck in all her future endeavours!

It is rightly said that a dream does not become a reality through magic. It takes determination, hard work and the will to give it your all.

New Horizon Public School is proud to announce another outstanding accolade achieved by our students.

Sindhoora R and Chirag Anand bagged the coveted First Place in Codeavour 5.0. Samridhi Kori secured the Second Runner Up position in this prestigious competition. Over 250 teams from around 17 countries participated in Codeavour 5.0. held in Dubai.

The winning teams have also been selected to participate in the FAB 24 conference which will be held in Mexico in August.

Students have won a \$ 1600 Rajeev Motwani Jadeja Fellowship.

This indeed is an incredible feat. Our students stood tall above their competitors in this international competition bringing laurels not only to our school but also to our country India. Thank you for taking our country to the global platform!

Dhaanvi Dechamma of Grade 4A participated in the State Level Kids Athletics Meet (Under 10 Category) and won a Silver medal in 200 mts sprint and a Bronze medal in 60 mts sprint. Congratulations to Dhaanvi! We wish her good luck in all her future endeavours!

We are thrilled to announce that Yuvanth B from Grade 6B won the first prize in the highly competitive Education 21 (e 21) held during E-Summit 2024, organized by Indian Institute of Technology (IIT) Madras. The multi-phased competition, which spanned from December 2023 to March 2024, witnessed the participation of over 1200+ teams from various schools across India. Yuvanth's success not only shines a spotlight on his remarkable abilities but also underscores the nurturing atmosphere and high-quality education fostered by the esteemed institution. We extend our heartfelt congratulations to Yuvanth for his outstanding achievement and wish him continued success in all his future endeavours.

Devansh Eniyan of Nursery A has achieved remarkable feat and set a record with India World Record (IWR) Foundation, Jamshedpur. He was recently interviewed by IWR Foundation and set a record successfully as "Youngest and Fastest to recite maximum number of Sanskrit Shlokas". His dedication and passion for culture, spirituality and singing have truly paid off. Congratulations to Devansh Eniyan!
