ORIENTATION PROGRAMME

Our orientation day for the pre-primary division provides the parents of our students an insight into the year in which their children will be progressing. This annual event was conducted this year on the 28th of May.

The event began with a brief prayer, followed by an inspirational video. Soon after, the gathering was addressed by our honourable headmistress, Mrs Ekta Batra. At this juncture, the class teachers of each grade were introduced to the parents. Subsequently, a list of our rules for students was presented to the parents. This included guidelines on preparing the young students for kindergarten, our rules regarding uniforms, homework and using our bus facilities.

The presentation concluded with a video capturing the journey of our students through the three years of pre-primary education. The events of the day were then wrapped up with an interactive session, during which the parents raised queries that were answered by our headmistress.

RED COLOUR DAY

Colours are indeed the smiles of nature. Nature itself has many colours, which makes the world look beautiful. The Red Colour Day was a wonderful learning activity for the students from NURSERY TO UKG. The red day celebration helped children to understand the concept of primary colours.

To mark this day very special, students and teachers were dressed in red clothes. It was a scintillating day with innocent faces gleaming and reflecting brightness, joy, love and happiness.

BLUE day

Colour Day gives us the opportunity to take our children into a magical world where colours come alive. Each colour has unique and special in making the world we live in so beautiful – just like each little child in our class, unique and so very special. Also Colour Day celebrations have their own significance of exploring the kids about primary and secondary colours.

BLUE is cool and calming colour that shows creativity and intelligence. The significance of blue colour was celebrated through a series of activities. The dress code of the day was blue. Excitement and enthusiasm was visible everywhere. All the children and teachers came dressed up in different shades and hues of blue. Chat in blue dresses, stations were made to recognize blue colour through different games and play-way activities. Blue Day was an amazing learning experience which had a long lasting effect on each student. Early identification of colours helped to create the cognitive link between visual cues and words which is an important part of a child's development. It was indeed a great treat to see the good efforts of blue colour on our little ones.

A sneak peek into our Blue Day

YELLOW day

"Hues of yellow radiate our lives with happiness, energy and optimism..."

With an eye for the beautiful and vibrant hues of yellow colour, our primary school children celebrated yellow day on 21st June 2022. The vibrant yellow radiates our lives with happiness, energy and optimism. The children were dressed in yellow and participated in various activities to celebrate the day. The children were also engaged in a variety of activities to explore the concept of yellow colour.

Focusing on the vibrant hues of yellow colour, our children participated in a variety of activities to explore the concept of yellow colour. The children were also engaged in a variety of activities to explore the concept of yellow colour.

A sneak peek into our Yellow Day

WORLD ENVIRONMENT DAY

World Environment Day is celebrated annually on the 5th of June. It is the day dedicated to create awareness regarding environmental conservation.

The universe contains millions of galaxies, each home to millions of planets, yet life as we know it was born and exists only on earth. So, the least we can do for our precious planet is to do our part individually to protect the environment.

Our young students here at **NEW HORIZON PUBLIC SCHOOL** have taken a collective, transformative action to **celebrate, protect and restore** our planet by sowing seeds.

By supporting **WORLD ENVIRONMENT DAY**, we here at NHPS help ensure this unique and beautiful planet remains a comfortable home for humanity.

FANCY DRESS

Fancy Dress Competition

The most beautiful dress is always created through imagination! Mother Nature!

The pre-primary division of NHPS conducted a fancy dress competition on the 13th and 24th June for the UKG and Lkg children, the theme being, the elements of nature.

Without the elements of nature, the world could not function in the perfect and orderly fashion that it does.

The wind raises the clouds to form the rain, that nurtures the earth to grow vegetation, fruits and flowers and the wood that kindles the fire.

Fancy dresses of great benefit to children for building their imagination and vocabulary. It also encourages children to think outside the box and also encourages to express their point of view of the world around them.

The children did a phenomenal job at the competition. They amused us with their creativity, speech memory, and boundless imagination shown in their dress and narration. The effort and hard work of the children and parents are highly appreciated.

A VISIT TO CUBBON PARK

Going on a field trip is an enriching experience for children. The pre-primary children of Lkg and UKG visited the cubbon park on the 28th and 29th as a part of the curriculum.

A visit to the cubbon park was the perfect place for children to engage in free play. Children had their freedom to choose how they want to play and were able to explore their own natural tendencies, interact with a broader range of groups and awaken their creative instincts.

When children met other kids in the park, they had an opportunity to learn about school norms and how to interact with others, how to get along, agreeing on rules and co-operating, taking turns etc.

Our tiny tots thoroughly enjoyed the visit and believed that was exactly what is expected of them on the trip.

Field Trip to HAL Heritage Centre and Aerospace Museum

Our students of Grades I to V had been on a field trip to the HAL Heritage Centre and Aerospace Museum.

RIDDLE

- What two things can you never eat for breakfast?
- What has hands and a face, but can't hold anything, or smile?

INVESTITURE CEREMONY

Leadership is the art of motivating a group of people to act towards a goal. A true leader is considerate, inspires others, and establishes trust with those around him while simultaneously building his skills. They listen without being condescending and patiently provide rational solutions for problems faced by their team members.

New Horizon Public School conducted the Investiture Ceremony for the

'A leader is one who knows the way, goes the way, and shows the way.'

Academic Year 2022-23 on June 18, 2022. This Ceremony celebrates the virtues of students as well as the qualities they possess, moulding them into successful leaders.

The Ceremony began with a mesmerising song, courtesy of our School Choir. We were introduced to the newly elected student council while the students were seated.

The School Captains led the parade to the stage as they marched in sync with the beat of the drums.

Our Principal, Ms Anupama Sethi, handed the badges and sashes to the council members. Donning the insignia signifies values such as reliability and honesty. It is also a symbol of their many responsibilities towards the school and its students.

The event culminated with a beautiful speech by Ankita Vakde, in which she expressed her gratitude to the students for choosing to elect her for the post and shared her definition of leadership with us. We hope the council members can promote team spirit and take on leadership for the betterment of the School and community.

INTERNATIONAL YOGA DAY

"Yoga is the journey of the self, to the self, through the self."

June 21 is celebrated as International Yoga Day due to the relentless efforts of our Prime Minister, Shri Narendra Modi. This year, the theme for the Yoga Day celebrations is 'Yoga for Humanity' as Yoga is instrumental in promoting a sustainable lifestyle in harmony with planet Earth.

NHPS organised a special Yoga Session for its students conducted by Ms Saritha, our Physical Education Teacher. A group of students from Grades V to IX, with the teacher, demonstrated the Surya Namaskar, Samudra Namaskara, Jal Namaskara, Agni Namaskara and the Chandra Namaskara. These asanas help in the physical as well as mental well-being of individuals. Students from Grades 6 to 10 participated in the yoga asanas during the morning assembly and were encouraged to incorporate yoga into their daily regime.

MENTOR'S DAY

In honour of Dr Mohan Manghnani, Chairman, New Horizon Educational Institutions, we celebrate Mentor's Day every year on July 7. We wish our beloved Chairman abundant blessings of God on each special Birthday. Our Mentor is an exceptional leader, and we would like to express our appreciation and heartfelt gratitude for his valuable mentorship and guidance at all times.

On the morning of Mentor's Day, New Horizon was decked grandly with bouquets

of fresh flowers. The programme began with a puja after the Chairman, Mrs Renuka Manghnani, Vice-Chairperson, New Horizon Educational Institutions, and family, were warmly welcomed. Students of each grade presented Sir with exquisite handmade greeting cards.

In front of a beautifully decorated altar with the statue of the deity, Ganesha, Abhinav of Grade 6 performed a puja

for the well-being and prosperity of our Chairman. The students of Grades 1, 2 and 3 chanted Ganesha Stotram to ward off obstacles. This was followed by a graceful Invocation Dance by the Secondary students. The Primary Skit with the energetic dances of children dressed as aliens enthralled the audience. The melodious Group Song by the little angels touched the hearts of one and all. The energetic Retro to

Metro Dance Fusion by the Secondary students was invigorating. Last but not least, the Salsa and Cha-Cha by the little ones of Kindergarten was an unforgettable endearing performance. Under the leadership of Sir, we learn valuable life lessons, challenge our limitations and strive towards excellence. We pray that Lord Ganesha may bless our Chairman with good health, success and happiness.

CONGRATULATIONS

Samanth of Grade 4 C participated in the 9 Sportz All India Rapid FIDE Rated Open Chess Tournament and 44th BRDCA Open Rapid Chess Tournament, securing 3rd place and 9th place, respectively.

The details are given below:

1. 9 Sportz All India Rapid FIDE Rated Open Chess Tournament - It was held in Mysore on 21st and 22nd May 2022, and won 5/9 rounds in the Open category of Blitz and secured 3rd place and a Trophy in the Under-9 category.
2. 44th BRDCA Open Rapid Chess Tournament - Schools from different states also participated in this tournament. Samanth won 5/7 rounds and bagged 9th place and a Medal in the Under-9 category.

Congratulations to Samanth for this achievement, and we wish him all the best in his future endeavours.

Tanish of Grade 10 A won the Zion Hills South Zone Golf Championship held in Kolar on 3rd and 4th May 2022 and secured Second place in the ASC South Zone Golf Championship held on 9th and 10th May 2022 in Bangalore.

Vidyarthi Vigyan Manthan (VVM) an initiative of Vijnana Bharati (VIBHA), in collaboration with Vigyan Prasar, under the Department of Science and Technology, Government of India and National Council of Educational Research and Training (NCERT), had organised a competition for popularizing Science among school students of standard VI to XI.

Ankita Vakde, of Grade 10, participated in the 2021 edition of this Competition, which included three rounds. She had qualified for the online MCQ exams at the School and State levels, securing the Second rank in Karnataka. Ankita also qualified for the National level Competition held at the Indian Institute of Technology, Banaras Hindu University (IIT BHU), Varanasi, Uttar Pradesh, on the 28th and 29th of May 2022. Ankita got to experience campus life, taste hostel food and interact with students from across the country at BHU.

The two-day National Camp was beyond-the-books and practical-application oriented and consisted of many rounds that included an Interview round, a Leadership round and a Creative Writing round based on topics ranging from Ancient Indian Calendars to the United Nations' Sustainable Development Goals (SDGs) and Artificial Intelligence in India. Students performed experiments of a higher level and calculated and stated their inferences from them in the Advanced Experimental round.

Prizes were given to National winners and Zonal winners. Ankita secured the First Rank in the National division along with a cash prize of Rs 25,000/- and an internship at one of the top scientific organisations in the country. All in all, it was a journey to remember.

Students of New Horizon Public School participated in Transcendence conducted by St Joseph's Boys' High School and secured the Runners-Up position.
